# **Kenedix Office Investment Corporation**

Semiannual Report April 2022 Fiscal Period November 1, 2021-April 30,2022

# **To Our Unitholders**

We at Kenedix Office Investment Corporation ("the Investment Corporation") would like to express our sincere appreciation to our unitholders for your continuous support. It is thanks to your support that the Investment Corporation successfully finished the 34th fiscal period (fiscal period ended April 30, 2022). Again, we would like to express our sincere gratitude for the support of our unitholders. We seek to maximize unitholder returns by focusing on investing in and managing midsized office buildings in the Tokyo metropolitan

Yoshihiro Aki Morishima, Si Supervisory Director

Akiko Tokuma, Supervisory Director Hikaru Teramoto, Executive Director

Takahiro Seki, Supervisory Director

area to generate stable profits and sustainably expand assets under management.

Also, we identified environmental, social, and governance (ESG) initiatives in real estate investment management as one of the material topics for our business and aim to realize a sustainable society by pursuing those initiatives.

We sincerely ask for further support and encouragement from our unitholders as we pursue these initiatives.

# Conditions during the 34th fiscal period (fiscal period ended April 30, 2022) and DPU (distributions per unit)

For more details, please refer to the IR presentation materials for financial results.

# Initiatives for unitholder returns

The Investment Corporation forecasts DPU of **14,150 yen** (**+150 yen** compared to the level in the 34th period) **for two consecutive fiscal periods** of the 35th (fiscal period ending October 31, 2022) and the 36th (fiscal period ending April 30, 2023).

The Investment Corporation will ensure stable level of DPU through the active use of internal reserves and sale of properties.

Determined to acquire **own investment units** in an amount not to exceed **3 billion yen**.

The Investment Corporation will continually strive to improve unitholder value over the medium and long terms, by taking into comprehensive consideration levels of unit prices, the status of cash on hand and other factors.

# **Financial Summary**

### 1. ORGANIZATION AND BASIS OF PRESENTATION

#### Organization

Kenedix Office Investment Corporation ("the Investment Corporation") is a real estate investment corporation whose units are listed on the Tokyo Stock Exchange. The Investment Corporation is engaged in the ownership and operation of selected mainly office buildings in Japan, with a focus on mid-sized office buildings in the Tokyo metropolitan area. The Investment Corporation was incorporated on May 6, 2005 as an investment corporation under the Law Concerning Investment Trusts and Investment Corporations of Japan, or "the Investment Trust Law." On July 21, 2005, the Investment Corporation was listed on the Real Estate Investment Trust Market of the Tokyo Stock Exchange with a total of 75,400 investment units issued and outstanding (Securities Code: 8972). Subsequently, the Investment Corporation raised funds through eight public offerings. Pursuant to the Investment Trust Law, the Investment Corporation is externally managed by a registered asset management company, Kenedix Real Estate Fund Management, Inc. ("the Asset Management Company"), a subsidiary of Kenedix, Inc. ("Kenedix"). In concert with the Asset Management Company, the Investment Corporation strives to maximize cash distribution to investors by securing stable earnings and sustainable investment growth. To this end, the Investment Corporation adopts a dynamic and flexible investment stance that accurately reflects its environment and market trends, and endeavors to ensure a timely response to each and every opportunity.

During the period ended October 31, 2021, the Investment Corporation did not acquire or sell any new assets.

During the period ended April 30, 2022, the Investment Corporation acquired one office building (Sendai Honcho Building : acquisition price of \$6,360 million ).

At the end of the thirty- third and thirty- fourth fiscal periods (fiscal periods ended October 31, 2021 and April 30, 2022), the Investment Corporation had total unitholders' capital of ¥220,970 million with 428,510 investment units outstanding, respectively. The Investment Corporation owned a portfolio of 96 properties (consisting of 95 office buildings and one other property) and 97 properties (consisting of 96 office buildings and one other property) with total acquisition prices of ¥440,180 million and ¥445,606 million at the end of the thirty-third and thirty-fourth fiscal periods, respectively. The occupancy ratios were approximately 97.6% and 98.3% at the end of the thirty-third and thirty-fourth fiscal periods, respectively.

#### **Basis of Presentation**

The accompanying financial statements have been prepared in accordance with the provisions set forth in the Investment Trust Act of Japan, the Financial Instruments and Exchange Law of Japan and related regulations, and in conformity with accounting principles and practices generally accepted in Japan ("Japanese GAAP"), which are different in certain respects as to the application and disclosure requirements of the International Financial Reporting Standards or accounting principles generally accepted in the United States of America.

The accompanying financial statements are basically a translation of the audited financial statements that were prepared for Japanese domestic purposes from the accounts and records maintained by the Investment Corporation and filed with the Kanto Local Finance Bureau of the Ministry of Finance as required by the Financial Instruments and Exchange Law. In preparing the accompanying financial statements, relevant notes have been added and certain reclassifications have been made to the financial statements issued domestically in order to present them in a form that is more familiar to readers outside Japan. The Investment Corporation does not prepare consolidated financial statements because it has no subsidiaries.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### (A) Securities

Non-marketable securities classified as other securities are carried at cost. Cost of securities sold is determined by the moving average method. Concerning silent partnership (*tokumei kumiai*, "TK") interests, the method of incorporating the amount of equity equivalent to the portion that corresponds to the net gain or loss of the TK is adopted.

#### (B) Property, Plant and Equipment (including trust assets)

Property, plant and equipment are stated at cost. Depreciation of property, plant and equipment is calculated on a straight-line basis over the estimated useful lives of the assets ranging as stated below:

	From November 1, 2021	From May 1, 2021
	to April 30, 2022	to October 31, 2021
Buildings	2–49 years	2–49 years
Structures	2–45 years	2–45 years
Machinery and equipment	3–17 years	3–17 years
Tools, furniture and fixtures	3–20 years	3–20 years

#### (C) Intangible Assets (including trust assets)

Intangible assets are amortized by the straight-line method. Leasehold right: Fixed-term land leasehold is amortized over a contractual period of 48 years and 9 months under the straight-line method.

(D) Long-term Prepaid Expenses

Long-term prepaid expenses are amortized by the straight-line method.

(E) Investment Unit Issuance Costs

Investment unit issuance costs are amortized over a period of three years under the straight-line method.

(F) Investment Corporation Bond Issuance Costs

Investment corporation bond issuance costs are amortized over a maturity period under the straight-line method.

(G) Accounting Treatment of Trust Beneficiary Interests in Real Estate

For trust beneficiary interests in real estate, which are commonly utilized in the ownership of commercial properties in Japan, all assets and liabilities in trust are recorded in the relevant balance sheets and statements of income and retained earnings.

(H) Revenue Recognition

Operating revenues consist of rental revenues including base rents, common area charges and other operating revenues, which include utility charge reimbursement, parking space rental revenues and other miscellaneous revenues. Rental revenues are generally recognized on an accrual basis over the life of each lease. Utility charge reimbursements are recognized when earned and their amounts can be reasonably estimated. Reimbursements from tenants including utility charge reimbursements are recorded on a gross basis and such amounts are recorded both as revenues and expenses during the fiscal period.

#### (I) Taxes on Property, Plant and Equipment

Property-related taxes including property taxes, city planning taxes and depreciable property taxes are imposed on properties on a calendar year basis. These taxes are generally charged to operating expenses for the period, for the portion of such taxes corresponding to the said period. Under Japanese tax rules, the seller of property at the time of disposal is liable for these taxes on the property from the date of disposal to the end of the calendar year in which the property is disposed. The seller, however, is generally reimbursed by the purchaser for these accrued property-related tax liabilities.

When the Investment Corporation purchases properties, it typically allocates the portion of the property-related taxes related to the period following the purchase date of each property through the end of the calendar year. The amounts of those allocated portions of the property-related taxes are capitalized as part of the acquisition costs of the related properties. There were no capitalized property-related taxes as of October 31, 2021. Capitalized property-related taxes amounted to \$28,605 thousand as of April 30, 2022. In subsequent calendar years, such property-related taxes are charged as operating expenses in the fiscal period to which the installments of such taxes correspond.

#### (J) Accounting for revenues

The main content of the performance obligation regarding the revenue from contracts with the customers of the Investment Corporation and the normal point of time when satisfying the said performance obligation (normal point of time when recognizing revenue) are as follows.

1. Sale of real estate property

For the revenue from sale of real estate, etc., revenue is recorded when the buyer who is a customer gains control of the real estate by performing the obligation of handover stipulated in the contract for real estate sales.

2. Utility charge reimbursements

For utility charge reimbursement, revenue is recorded in accordance with the supply of electricity, tap water, etc. to the lessee who is a customer based on the lease agreement of real estate, etc. and the content of agreement incidental to it.

Of the utility charge reimbursement, for those that are determined to fall under the category of an agent by the Investment Corporation, the net amount obtained by deducting the amount paid to other related parties supplying electricity, gas, etc. from the amount received as the fee of electricity, gas, etc. is recognized as revenue.

(K) Income Taxes

Deferred tax assets and liabilities are computed based on the difference between the financial statements and income tax bases of assets and liabilities using the statutory tax rates.

(L) Non-deductible consumption taxes

Non-deductible consumption taxes applicable to the acquisition of assets are included in the cost of acquisition for each asset .

(M) Derivative Financial Instruments

The Investment Corporation utilizes interest-rate swap contracts as derivative financial instruments only for the purpose of hedging its exposure to changes in interest rates. The Investment Corporation deferred recognition of gains or losses resulting from changes in fair value of interest-rate swap contracts because these contracts met the criteria for deferral hedging accounting. However, the Investment Corporation adopted special treatment for interest-rate swap contracts if they met the criteria for hedging accounting under this treatment. The hedge effectiveness for the interest-rate swap contracts is assessed each fiscal period except for those that meet the criteria of special treatment.

(N) Cash and Cash Equivalents

Cash and cash equivalents consist of cash on hand, deposits placed with banks and short-term investments which are highly liquid, readily convertible to cash and with insignificant risk of market value fluctuation, with maturities of three months or less from the date of purchase.

expropriation.

Amounts of less than one thousand yen have been truncated in the Japanese financial statements prepared in accordance with Japanese GAAP and filed with regulatory authorities in Japan. Unless otherwise noted, amounts are rounded down and ratios are rounded off in the accompanying financial statements.

Totals shown in the accompanying financial statements do not necessarily agree with the sums of the individual amounts.

# 3. CASH AND CASH EQUIVALENTS

Cash and cash equivalents consist of the following as of April 30, 2022 and October 31, 2021.

	As of Apri	As of April 30, 2022		ber 31, 2021	
		In thousan	nds of yen		
Cash and deposits	¥	23,037,269	¥	19,273,842	
Cash and deposits in trust		11,593,317 11,434

# 7. REDUCTION ENTRY

The amount of reduction entry of property, plant and equipment acquired by government subsidy is as follows:

	As of April 30, 2022	As of October 31, 2021	
	In thousands of yen		
Buildings in trust	¥ 26,230	¥ 26,230	

# 8. COMMITMENT LINE AGREEMENT

The Investment Corporation has concluded a commitment line agreement with bank of account, etc.

	As of April 30	0, 2022	As of October 3	1, 2021
		In thousands	s of yen	
Maximum amount	¥	9,000,000	¥	9,000,000
Drawn credit facility		-		_
Balance	¥	9,000,000	¥	9,000,000

### 9. PER UNIT INFORMATION

	From Novemb to April 30	,	From May 1 to October 3	
	Yen			
Net asset value per unit	¥	540,859	¥	538,015
Net income per unit	¥	15,161	¥	13,791
Weighted-average number of units (units)		428,510		428,510

The weighted-average number of units outstanding of 428,510 as of April 30, 2022 and October 31, 2021, respectively, was used for the computation of the amount of net income per unit. Net income per unit after adjusting for residual units is not included because there were no residual investment units.

## **10. INCOME TAXES**

The Investment Corporation is subject to corporate income taxes at a regular statutory rate of approximately 31%. However, the Investment Corporation may deduct from its taxable income amounts distributed to its unitholders, provided the requirements are met under the Special Taxation Measures Law of Japan. Under this law, the Investment Corporation must meet a number of tax requirements, including a requirement that it currently distribute in excess of 90% of its net income for the fiscal period in order to be able to deduct such amounts. If the Investment Corporation does not satisfy all of the requirements, the entire taxable income of the Investment Corporation will be subject to regular corporate income taxes. The Investment Corporation distributed in excess of 90% of its distributable income in the form of cash distributions totaling ¥5,999 million for the fiscal periods ended April 30, 2022 and October 31, 2021, respectively. Therefore, such distributions were treated as deductible distributions for purposes of corporate income taxes. The effective tax rate on the Investment Corporation's income was 0.02% for the fiscal periods ended April 30, 2022 and October 31, 2021, respectively. The following table summarizes the significant differences between the statutory tax rate and the effective tax rate.

	From November 1, 2021 to April 30, 2022	From May 1, 2021 to October 31, 2021
Statutory tax rate	31.46%	31.46%
Deductible cash distributions	(29.05)	(31.93)
Reversal of reserve for reduction entry	_	0.47
Provision of reserve for reduction entry	(2.41)	_
Others	0.01	0.01
Effective tax rate	0.02%	0.02%

The significant components of deferred tax assets and liabilities as of April 30, 2022 and October 31, 2021 are as follows:

	As of April 30, 2022	As of October 31, 2021
	In thousa	inds of yen
Deferred tax assets		
Enterprise tax payable	¥ 30	¥ 27
Amortization of leasehold right	5,562	5,318
Deferred gains or losses on hedges	3,287	89,201
Subtotal	8,879	94,548
Valuation allowance	(8,849)	(94,520)
Total deferred tax assets	¥ 30	¥ 27

## **11. NET ASSETS**

The Investment Corporation issues only non-par value units in accordance with the Investment Trust Act. The entire amount of the issue price of new units is designated as stated capital. The Investment Corporation is required to maintain net assets of at least ¥50 million as required by the Investment Trust Act.

## 12. RELATED-PARTY TRANSACTIONS

Total expenses related to rent business	¥ 7,309,872	¥ 7,054,078

Gain and loss on sale of real estate properties

KDX Toranomon 1Chome Building			
(partial sale due to expropriation)			
Revenue from sale of investment properties(*)	¥ 1,731,347	¥	—
Cost of investment properties	943,131		—
Other sales expenses	17,620		—
Gain on sale of real estate properties	¥ 770,595	¥	_

(\*)Revenue from sale of real estate, etc. includes 29,150 thousand yen of compensation for property transfer.

## 14. LEASES

The Investment Corporation, as lessor, has entered into leases whose fixed monthly rents are due in advance with lease terms of generally two years for office buildings. The future minimum rental revenues under existing non-cancelable operating leases as of April 30, 2022 and October 31, 2021 are as follows:

	As of April 30, 2022	As of October 31, 2021
	In thous	ands of yen
Due within one year	¥ 3,198,073	¥ 2,863,474
Due after one year	8,224,029	7,163,359
Total	¥ 11,422,103	¥ 10,026,834

# **15. FINANCIAL INSTRUMENTS**

Thirty-fourth fiscal period (From November 1, 2021 to April 30, 2022)

#### (A) Overview

#### (1) Policy for financial instruments

The Investment Corporation procures essential funds for acquiring properties and undertaking the repayment of loans primarily through bank loans and the issuance of investment corporation bonds and new investment units. The Investment Corporation uses derivatives for the purpose of hedging its exposure to changes in interest rates and does not enter into derivatives for speculative or trading purposes. Management of surplus funds is undertaken in a prudent manner that considers fully such factors as safety, liquidity, interest-rate conditions and cash flows.

#### (2) Types of financial instruments and related risk

Investment securities, which are Japanese silent partnership (*tokumei kumiai*, "TK") interests, are exposed to credit risk of the issuer and risk of fluctuation of value of its property.

Loans payable and investment corporation bonds are used primarily for procuring funds necessary for the acquisition of properties and have a redemption date of a maximum of approximately 8 years and 7 months following the accounting date. Although a certain portion of said liabilities are subject to interest-rate fluctuation risk, the Investment Corporation utilizes derivatives (interest-rate swap transactions) in order to reduce such risk.

Interest-rate swap transactions are used as derivative financial instruments. Utilizing interest-rate swap transactions, the Investment Corporation fixes its interest expense for long-term loans payable bearing interest at a variable rate. With regard to hedge accounting methods, hedging instruments and hedged items, hedge policy, and the assessment of the effectiveness of hedging activities, please see Note 2(M) "Derivative Financial Instruments."

#### (3) Risk management for financial instruments

#### (a) Monitoring of market risk (the risks arising from fluctuations in interest rates and others)

The Investment Corporation uses interest-rate swap transactions in order to minimize risk arising from fluctuations in interest rates on funds procured. The Investment Corporation periodically reviews the value of the property and financial condition of the issuer with regard to investment securities.

# (b) Monitoring of liquidity risk (the risk that the Investment Corporation may not be able to meet its obligations on scheduled due dates) associated with procurement of funds

Although loans and other liabilities are subject to liquidity risk, the Investment Corporation reduces such risk by spreading out

payment due dates and by using diversified fund procurement methods. Liquidity risk is also managed by such means as regularly checking the balance of cash reserves.

#### (4) Supplementary explanation of the estimated fair value of financial instruments

Because the factors incorporated into the calculation of fair value of financial instruments are subject to change, differing assumptions are adopted which may alter fair value. Moreover, the contract amounts, etc. of derivative transactions in "(B) Estimated Fair Value of Financial Instruments" do not indicate the market risk of derivative transactions.

#### (B) Estimated Fair Value of Financial Instruments

The carrying value of financial instruments on the balance sheet as of April 30, 2022 and estimated fair value are shown in the following table. Moreover, because "Cash and deposits," "Cash and deposits in trust" and "Short-term loans payable" are settled with cash in the short term, the fair value can be considered as equivalent to the book value. Therefore, the notes for these accounts have been omitted.

	Carrying value	Estimated fair value	Difference
	]	In thousands of yen	
(1) Current portion of investment corporation bonds	1,000,000	999,800	(200)
(2) Current portion of long-term loans payable	13,450,000	13,482,518	32,518
(3) Investment corporation bonds	12,000,000	12,025,400	25,400
(4) Long-term loans payable	170,100,000	169,880,655	(219,344)
Subtotal	¥ 196,550,000	¥ 196,388,374	¥ (161,625)
Derivative transactions(*)	468,158	468,158	_

(\*)The value of assets and liabilities arising from derivatives is shown at net value and with the amount in parentheses representing the net liability position.

\*1 Methods to determine the estimated fair value of financial instruments and other matters related to securities and derivative transactions

#### Liabilities

(1) Current portion of investment corporation bonds and (3) Investment corporation bonds

The fair value of investment corporation bonds is based on quoted market prices. The fair value of those for which no market price is available is based on the quoted price obtained from counterparty financial institutions, etc.

(2) Current portion of long-term loans payable and (4) Long-term loans payable

The fair value of long-term loans payable is based on the present value of the total of principal and interest discounted by the interest rate to be applied if similar new loans were entered into. The fair value of long-term loans payable bearing interest at a variable rate, which is subject to fixed interest rates resulting from interest-rate swaps and special treatment applied to said swaps, is based on the present value of the total of principal and interest, which is handled together with the applicable interest-rate swaps, discounted by the interest rate to be applied if similar loans were entered into.

**Derivative Transactions** 

Please refer to Note 16 "DERIVATIVE TRANSACTIONS."

\*2 Redemption schedule for loans payable and investment corporation bonds

-	Due within 1 year or less		Due after vear through 2 years		Due after ears through 3 years	3 y	Due after years through 4 years		Due after ears through 5 years		Due after 5 years

Thirty-third fiscal period (From May 1, 2021 to October 31, 2021)

#### (A) Overview

#### (1) Policy for financial instruments

The Investment Corporation procures essential funds for acquiring properties and undertaking the repayment of loans primarily through bank loans and the issuance of investment corporation bonds and new investment units. The Investment Corporation uses derivatives for the purpose of hedging its exposure to changes in interest rates and does not enter into derivatives for speculative or trading purposes. Management of surplus funds is undertaken in a prudent manner that considers fully such factors as safety, liquidity, interest-rate conditions and cash flows.

#### (2) Types of financial instruments and related risk

Investment securities, which are Japanese silent partnership (*tokumei kumiai*, "TK") interests, are exposed to credit risk of the issuer and risk of fluctuation of value of its property.

Loans payable and investment corporation bonds are used primarily for procuring funds necessary for the acquisition of properties and have a redemption date of a maximum of approximately 9 years and 1 month following the accounting date. Although a certain portion of said liabilities are subject to interest-rate fluctuation risk, the Investment Corporation utilizes derivatives (interest-rate swap transactions) in order to reduce such risk.

Interest-rate swap transactions are used as derivative financial instruments. Utilizing interest-rate swap transactions, the Investment Corporation fixes its interest expense for long-term loans payable bearing interest at a variable rate. With regard to hedge accounting methods, hedging instruments and hedged items, hedge policy, and the assessment of the effectiveness of hedging activities, please see Note 2(M) "Derivative Financial Instruments."

#### (3) Risk management for financial instruments

#### (a) Monitoring of market risk (the risks arising from fluctuations in interest rates and others)

The Investment Corporation uses interest-rate swap transactions in order to minimize risk arising from fluctuations in interest rates on funds procured. The Investment Corporation periodically reviews the value of the property and financial condition of the issuer with regard to investment securities.

# (b) Monitoring of liquidity risk (the risk that the Investment Corporation may not be able to meet its obligations on scheduled due dates) associated with procurement of funds

Although loans and other liabilities are subject to liquidity risk, the Investment Corporation reduces such risk by spreading out payment due dates and by using diversified fund procurement methods. Liquidity risk is also managed by such means as regularly checking the balance of cash reserves.

#### (4) Supplementary explanation of the estimated fair value of financial instruments

Because the factors incorporated into the calculation of fair value of financial instruments are subject to change, differing assumptions are adopted which may alter fair value. Moreover, the contract amounts, etc. of derivative transactions in "(B) Estimated Fair Value of Financial Instruments" do not indicate the market risk of derivative transactions.

#### (B) Estimated Fair Value of Financial Instruments

The carrying value of financial instruments on the balance sheet as of October 31, 2021 and estimated fair value are shown in the following table. Moreover, because "Cash and deposits," "Cash and deposits in trust" and "Short-term loans payable" are settled with cash in the short term, the fair value can be considered as equivalent to the book value. Therefore, the notes for these accounts have been omitted.

	Carrying value	Estimated fair value	Difference

\*1 Methods to determine the estimated fair value of financial instruments and other matters related to securities and derivative transactions

#### Liabilities

(1) Current portion of investment corporation bonds and (3) Investment corporation bonds

The fair value of investment corporation bonds is based on quoted market prices. The fair value of those for which no market price is available is based on the quoted price obtained from counterparty financial institutions, etc.

(2) Current portion of long-term loans payable and (4) Long-term loans payable

The fair value of long-term loans payable is based on the present value of the total of principal and interest discounted by the interest rate to be applied if similar new loans were entered into. The fair value of long-term loans payable bearing interest at a variable rate, which is subject to fixed interest rates resulting from interest-rate swaps and special treatment applied to said swaps, is based on the present value of the total of principal and interest, which is handled together with the applicable interest-rate swaps, discounted by the interest rate to be applied if similar loans were entered into.

#### Derivative Transactions

Please refer to Note 16 "DERIVATIVE TRANSACTIONS."

# **18. INVESTMENT AND RENTAL PROPERTIES**

Thirty-fourth fiscal period (From November 1, 2021 to April 30, 2022)

The Investment Corporation owns real estate for rental purposes mainly in the Tokyo metropolitan area for the purpose of generating rental revenues.

The carrying value in the balance sheets and corresponding fair value of those properties are as follows:

	Fair value		
As of October 31, 2021	Net change	As of April 30, 2022	As of April 30, 2022 (In thousands of yen)
¥ 422,751,947	¥ 4,215,195	¥ 426,967,143	¥ 535,600,000

\*1: The carrying value represents the acquisition cost less accumulated depreciation.

\*2: Fair value at the end of the fiscal period is the appraisal value determined by outside appraisers.

\*3: Among changes in the amount of real estate for rental purposes that occurred during the fiscal period under review, principal increase/decrease factors were the acquisition of trust beneficiary interest in real estate of 1 property totaling 6,461,511 thousand, partial sale of real estate pertaining to land expropriation totaling 943,131 thousand and depreciation amounting to 2,588,398 thousand.

Income and loss in the fiscal period ended April 30, 2022 for real estate for rental purposes is listed in Note 13 "BREAKDOWN OF RENTAL AND OTHER OPERATING REVENUES, PROPERTY-RELATED EXPENSES, AND GAIN AND LOSS ON SALE OF REAL ESTATE PROPERTY."

Thirty-third fiscal period (From May 1, 2021 to October 31, 2021)

The Investment Corporation owns real estate for rental purposes mainly in the Tokyo metropolitan area for the purpose of generating rental revenues.

The carrying value in the balance sheets and corresponding fair value of those properties are as follows:

	Fair value			
As of April 30, 2021	Net change	As of October 31, 2021	As of October 31, 2021 (In thousands of yen)	
¥ 424,337,948	¥ (1,586,000)	¥ 422,751,947	¥ 517,705,000	
*1: The carrying value represents the acquisition cost less accumulated depreciation.				

\*2: Fair value at the end of the fiscal period is the appraisal value determined by outside appraisers .

\*3: Among changes in the amount of real estate for rental purposes that occurred during the fiscal period under review, principal increase/decrease factor was the depreciation amounting to ¥2,567,199 thousand.

Income and loss in the fiscal period ended October 31, 2021 for real estate for rental purposes is listed in Note 13 "BREAKDOWN OF RENTAL AND OTHER OPERATING REVENUES, PROPERTY-RELATED EXPENSES, AND GAIN AND LOSS ON SALE OF REAL ESTATE PROPERTY."

### **19. SEGMENT AND RELATED INFORMATION**

Thirty-fourth fiscal period (From November 1, 2021 to April 30, 2022)

#### (A) Segment Information

Disclosure is omitted because the real estate leasing business is the Investment Corporation's sole business and it has no reportable segment subject to disclosure.

#### (B) Related Information

(1) Information about each product and service

Disclosure is omitted because net sales to external customers for a single product/service category account for over 90% of the operating revenues on the statement of income and retained earnings.

(2) Information about each geographic area

(a) Net sales

Disclosure is omitted because net sales to external customers in Japan account for over 90% of the operating revenues on the statement of income and retained earnings.

#### (b) Property, plant and equipment

Disclosure is omitted because the amount of property, plant and equipment located in Japan accounts for over 90% of the amount of property, plant and equipment on the balance sheet.

#### (3) Information about each major customer

Disclosure is omitted because net sales to a single external customer account for less than 10% of the operating revenues on the statement of income and retained earnings.

# 20. SIGNIFICANT SUBSEQUENT EVENTS

#### Determination of Acquisition of Own Investment Units

The Investment Corporation decided at its board of directors' meeting held on June 14, 2022, the matters pertaining to the acquisition of own investment units based on the provisions of Article 80-2 of the Investment Trust Act which is applied by replacing the provisions of Article 80-5, Paragraph 2 of the same act. Moreover, all of the acquired investment units are scheduled to be extinguished during the fiscal period ending October 2022.

#### (A) Reason for Acquisition of Own Investment Units

The Investment Corporation decided to acquire the own investment units by judging that the improvement of capital efficiency and implementation of unitholder return through the acquisition and extinguishment of own investment units by comprehensively taking into account such factors as the level of investment unit price, status of cash on hand, financial status and market environment will lead to the improvement of unitholder value over the medium to long term.

#### (B) Details of Matters Pertaining to the Acquisition

(1) Total Number of	:	6,000 units (maximum amount)
Investment Units that		Ratio to the total number of investment units issued and outstanding
Can be Acquired		(excluding own investment units) 1.4%
(2) Total Acquisition Price of	:	3,000 million yen (maximum amount)
Investment Units		
(3) Acquisition Method	:	Purchase on the Tokyo Stock Exchange based on the discretionary investment agreement pertaining to the acquisition of own investment units with securities company
(4) Acquisition Period	:	June 15, 2022 to September 9, 2022

## **21. DISTRIBUTIONS**

Method of calculating distribution

amount

	Thirty-fourth fiscal period (From November 1, 2021 to April 30, 2022)	Thirty-third fiscal period (From May 1, 2021 to October 31, 2021)	
	(Yen)	(Yen)	
I. Retained earnings at the end of period	¥ 6,496,709,393	¥ 5,910,032,522	
II.Voluntary reserve (reversal)			
Reversal of reserve for reduction entry	¥ -	¥ 89,107,478	
III. Total distributions	¥ 5,999,140,000	¥ 5,999,140,000	
Distributions per unit	¥ 14,000	¥ 14,000	
IV. Voluntary reserve (provision)			
Provision of reserve for reduction entry	¥ 497,569,393	¥ -	
V. Retained earnings brought forward to the next period	¥ -	¥ -	
	In accordance with the policy stipulated in Article	In accordance with the policy stipulated in Article	

35 (1) of its Articles of Incorporation, the Investment Corporation determines that the amount of distribution shall exceed the amount equivalent to 90% of its distributable profit as stipulated in Article 67-15 of the Act on Special Measures Concerning Taxation, and shall be up to the amount of its profits as the ceiling. Following this policy, the Investment Corporation has decided that, of the amount remaining after the provision of reserve for reduction entry as stipulated in Article 64 of the Act on Special Measures Concerning Taxation is deducted from unappropriated retained earnings, it shall distribute the outstanding ¥5,999,140,000 as profit distribution.

In addition, the Investment Corporation decided not to distribute cash in excess of distributable profit, stipulated in Article 35 (2) of its Articles of Incorporation. In accordance with the policy stipulated in Article 35 (1) of its Articles of Incorporation, the Investment Corporation determines that the amount of distribution shall exceed the amount equivalent to 90% of its distributable profit as stipulated in Article 67-15 of the Act on Special Measures Concerning Taxation, and shall be up to the amount of its profits as the ceiling. Following this policy, the Investment Corporation has decided to distribute \$5,999,140,000 the maximum integral multiple amount of the total number of investment units issued and outstanding of 428,510 units, based on the total amount obtained by adding the reversal of reserve for reduction entry to the unappropriated retained earnings for the fiscal period under review.

In addition, the Investment Corporation decided not to distribute cash in excess of distributable profit, stipulated in Article 35 (2) of its Articles of Incorporation.

# Independent Auditor's Report

The Board of Directors Kenedix Office Investment Corporation

# Opinion

We have audited the accompanying financial statements of Kenedix Office Investment Corporation (the Company), which comprise the balance sheet as at April 30, 2022, and the statement of income, and retained earnings, changes in net assets, and cash flows for the sixmonth period then ended, and notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as at April 30, 2022, and its financial performance and its cash flows for the six-month period then ended in accordance with accounting principles generally accepted in Japan.

# **Basis for Opinion**

We conducted our audit in accordance with auditing standards generally accepted in Japan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the financial statements in Japan, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

## **Other Information**

The other information comprises the information included in the Semi-annual Report that contains audited financial statements but does not include the financial statements and our auditor's report thereon. Management is responsible for preparation and disclosure of the other information. The Supervisory Director is responsible for overseeing the Company's reporting process of the other information.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

## Responsibilities of Management, and Supervisory Director for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in Japan, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern and disclosing, as required by accounting principles generally accepted in Japan, matters related to going concern.

The Supervisory Director is responsible for overseeing the Company's financial reporting process.

### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with auditing standards generally accepted in Japan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.
- Consider internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances for our risk assessments, while the purpose of the audit of the financial statements is not expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation in accordance with accounting principles generally accepted in Japan.

.

We communicate with the Executive Director regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Executive Director with a statement that we have complied with the ethical requirements regarding independence that are relevant to our audit of the financial statements in Japan, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

## Interest Required to Be Disclosed by the Certified Public Accountants Act of Japan

Our firm and its designated engagement partners do not have any interest in the Company which is required to be disclosed pursuant to the provisions of the Certified Public Accountants Act of Japan.
